DIGITAL INVERTER

Family Board

Enrich your family life by sharing news, messages, and special moments on the new Family Board. You can show photos, post stickers, draw pictures, and type/hand-write notes. All on a large 21.5" Full HD display. Get immersed sound with the premium 25W external speaker.

SpaceMax Technology

Store more food with a very spacious 616L interior. Its unique SpaceMax™ technology enables the walls to be thinner by using a high-efficiency insulation, creating more storage space without increasing the external dimensions.

Flat Door Design

Give your home a stylishly, modern look. Its sleek and seamless design blends into your cabinetry to create a harmonious kitchen interior. It also has beautiful flat doors with recessed handles that don't protrude into your living space.

Digital Inverter Compressor

The Digital Inverter Compressor automatically adjusts its speed in response to cooling demand, which in turn uses less energy, minimises noise and reduces wear and tear for a longer lasting performance. Backed-up by a 20 year warranty* on the compressor.

* 20 year warranty is limited to the compressor only.
